Evaluate & Assess

We will evaluate all available coverage to assess which of your policies fit the claim. We'll share our findings with you and discuss the coverage provided by relevant policies.

Report

We advise prompt reporting to the applicable carriers. We will work to ensure that an adjuster is assigned as soon as possible, and that the claim is handled in a timely manner.

Advocate

Our team follows up with adjusters to obtain their plan of action and request updates. We will hold carriers accountable to provide regular, proactive communication and maintain an appropriate action plan.

You can count on us

Our claims professionals will stay actively involved at every stage, providing guidance and helping to solve any obstacles that arise. Along the way, we'll provide regular communication and status updates so you never have to wonder.
