

## Construction

Coverage built for growth.

### Overview

Coverage and claims issues surrounding construction projects present a specific set of challenges. That's why it's imperative to have a partner who understands the field and knows what to expect.

Our team is your first line of defense against construction risk, both insurable and uninsurable. We bring years of experience in the construction sector to help you identify potential risks, while saving you time and money.

## ABD Advantage

### Proactive Analysis

We always look ahead and participate in industry functions and trade groups to understand developing issues, so you are prepared for any shifts in the industry.

### Insightful Risk Management

We help you strengthen your safety culture and reduce claim costs, providing loss control staff and strategic partners who protect what you've worked so hard to build.

### Custom Strategy

As construction professionals, we identify key risk areas specific to your operation and customize coverage to precisely fit your needs across your business, so that you don't have to look elsewhere.

### Cost-Effective Plan

We advocate for your business and your employees, securing the best possible pricing and coverage enhancements for loss events to help reduce the cost of risk, protect your balance sheet, strengthen your cash flow, and help ensure your employees are rewarded with a robust benefits package.

### Full-Service Claim Management

If you need to file a claim, we handle everything from immediate actions for minimizing loss to serving as your dedicated liaison and advocate with carriers, to help you address each issue the right way.
