

Technology

Launch your next big idea.

Overview

Technology companies like yours, exist to disrupt industries and change the status quo. As a result, you face unique risks to your business from both outside your company and from your own products and services. We understand the risks associated with companies on the cutting edge.

Our experienced team has consulted some of the most innovative technology companies in the world – we'll partner with you to develop a sound plan to protect your organization and your employees as you grow.

ABD Advantage

Insightful Risk Management

We help you address your risks by understanding your options for reducing, avoiding, or transferring risk through loss control, contract management, insurance, and alternative risk financing techniques.

Custom Strategy

Once we have a complete profile of your objectives, risk tolerance, risks, and exposures, we work as an extension of your team to create a strategy that keeps your assets and your employees safe.

Deep Relationships

With a strategy in place, we use our industry expertise and deep relationships – both local and global – to negotiate innovative solutions to safeguard your business and keep your employees healthy.

Matchless Expertise

Advocating on your behalf, our experts understand your business and know the challenges of your industry. We develop tailor-made insurance and risk management programs designed specifically for you and your employees.
